February 23, 2022

Description

- Print the slides of the lecture
- Use slides for notes
  - Have all pictures and images on slides
  - Just need to write details not on the slides, questions, or clarifications

Slide 3

Pros

- Not much writing needed
- Most presentation programs have layout specifically for note taking
- Can focus on lecture
- Write details not on slides in note area
- Use paper or computer

Cons

- Wasteful
  - May need to print lots of pages
  - Run out of printing money quickly
  - Can be offset by instead converting the handout to a PDF to be used on a device
- Issues writing notes
  - Depending on layout, may have not have a lot of space to write notes
